## September 2008

**General.** As this is the first Odds & Ends of the new school year, I'd like to wish all of you a great SY 08/09. Also welcome to our new JROTC programs from the District of Columbia (11 programs and 1 DAI office), Delaware (4 programs) and Maryland (24 programs). As most of you know, we have seen some major changes in both the 4<sup>th</sup> Brigade and JROTC in general over the past several months. COL Wiseman has left 4<sup>th</sup> Brigade and is now the Chief of Staff for Cadet Command. The new 4<sup>th</sup> Brigade commander is COL Ronald P. Elrod. Additionally, COL Glover has retired and his replacement is COL Johnson. Don't be surprised to receive a visit from either of these 2 gentleman in the future. As always, please make sure you read the entire Odds & Ends as there are some key suspense dates that you need to be aware of. If you have any questions, contact the listed POC.

### 2. Training.

➤ **Marksmanship:** Reminder that units desiring to conduct marksmanship training for cadets must comply with the Cadet Command Marksmanship MOI located on the 4<sup>th</sup> Brigade JROTC website. Many instructors have forgotten the annual requirement to complete Marksmanship DL on the JSOCC DL site. Ranges that were inspected by CMP and have not changed location will be re-inspected during this year Unit Visit or Formal Inspection.

➤ **JSOCC:**

- JSOCC Resident Course (Fort Monroe, VA)

i. Reminder, all Instructors are required to go to the resident JSOCC course (Ft Monroe) within one year of hire and return every five years. If you know your getting close to the five or one year mark we recommend signing up for one of the courses ASAP. Instructors over the five year requirement or those instructors new to JROTC need to sign up immediately. Those instructors that do not sign up on their own initiative will be slotted for a class at the discretion of the Brigade. You can sign up by either going to the 4th Bde JROTC website at [www.ajrotc.us](http://www.ajrotc.us) and self nominate (click the "JSOCC Course Request" Tab) for a class that fits your schedule or give us a call. The FY-09 schedule is posted on the Web Site under JSOCC Attendance Roster

ii. As a result of changes to the Cadet Command Training Guidance some of the JSOCC course dates have changed. Everyone that has signed up for a JSOCC Residence Course needs to check the roster on the 4th BDE Web site to see if your specific course dates have changed. The shift should have minimal impact. If you see an issue please contact us ASAP 910-396-0136.

- JSOCC DL

i. Reminder, all cadres have 6 months from time hired to complete the basic DL courses. You have additional 2 years from hire to complete the four advanced courses. Instructors should periodically check their progress report on their home page to see if any courses have been added or modified. If courses are added or modified you must complete them as soon as possible. Courses have been added and modified since 2005 to JSOCC DL. Don't assume you have met the requirement. Go into your account and make sure you have completed the requirement. Don't get caught short and end up on probation for failure to complete JSOCC DL. If you have questions or don't understand the requirement please contact us.

ii. On 18 Sep 08, all cadre were notified regarding the changes which will take place to the current JSOCC DL system effective 26 Sep 08. Individuals in the middle of a course must complete that specific course otherwise you will be required to start over. The last day for lesson completion is COB Friday, 26 September. You will be

# Odds & Ends

## September 2008

credited for the courses you have completed. No one will continue to be enrolled in the present distance learning system unless they are going to the first JSOCC in FY-09. Once the new system is in place instructors will be able to be enrolled. At the end of the day on the 26th the link to DL from the Training and Operations tab on the JROTC Portal will be deactivated and new instructions posted. Instructions for new, first time instructors will be provided to allow them to take the DL course on the ALMS through AKO. (All newly certified instructors should have an AKO account as their AD account changed status when they retired.) Interim instructions for all users will be provided for use until full implementation and conversion of data in late November. All Instructors must have an AKO account in order to be enrolled in the new JSOCC DL. You can create a new AKO account by going to the 4th BDE Web site and clicking on the yellow bar at the bottom of the home page. When creating a new account you must include your SSN.

### ➤ **RAPPEL TRAINING:**

- Change to the Cadet Command JROTC rappel policy calls for all JROTC cadets to rappel using pre-fabricated nylon rappel seats. Self-tied Swiss Seats are no longer authorized for JROTC rappelling. This change is effective immediately.
- Only current Brigade Certified Rappel Trainers are authorized to conduct rappel training. If you attended a one day course else where (Fort Jackson, etc.) you are **NOT** Brigade Certified. If you are unsure of your certification contact Mr. Steve Anderson or Mr. Rodney Clark at 910-396-0136.
- Recertification. Every five years all Rappel Trainers must attend a one day recertification course conducted by Brigade. This is to refresh and update all trainers.
- Currency. Once certified to maintain currency all Rappel Trainers must execute the following four critical tasks every 6 months.
  - i. Show proficiency in tying knots
  - ii. Rigging a tower (No need for a tower. Can be any fixed site)
  - iii. Rappel Master Personal Inspection
  - iv. Hook-up rappeller

Note: The above tasks **must** be witnessed and signed in Memorandum format by another current Certified Rappel Trainer

- Administrative. In order to conduct rappel training you must maintain the following documents:
  - i. Brigade Certificate
  - ii. Signed Composite Risk Management Worksheet (CRMW) (Send to Brigade for Cdr signature)
  - iii. Proof of currency (Send copy to Brigade with CRMW )

# Odds & Ends

## September 2008

- iv. Tower inspection (Send copy to Brigade with CRMW)
- v. Note. Rappel tower inspections and risk assessments must be submitted annually to this Headquarters. All rappel training must be conducted in accordance with CCR 145-2 (1 Jul 07).

- **Certification Training.** The Brigade will run two Rappel Certification Training courses during FY 09 at Oak Ridge Military Academy. The scheduled dates are to be determined. Instructors desiring to participate should contact Rodney Clark or Steve Anderson, (910)396-0136, or email [rodney.clark@us.army.mil](mailto:rodney.clark@us.army.mil) ; [steven.anderson@usacc.army.mil](mailto:steven.anderson@usacc.army.mil). We will provide information, as well as answer questions on rappelling during the January Instructor Seminar.

➤ **Risk Management:** All Risk Assessments should be done on the new Composite Risk Management Worksheets (CRMW). You can find the CRMW on the 4<sup>th</sup> BDE Web Site. All Rappel Training is considered High Risk Training and must be signed by the Brigade Commander. It can be mitigated down to medium risk but not low risk. Reminder the School Principal will now sign all risk assessments as the reviewer for all rappel training as it affects the school. The Brigade Commander will sign as the Risk Decision Authority at the bottom of the worksheet. All Risk Management worksheets must be sent in to Brigade at least 30 days prior to training event for signature if required.

➤ **JCLC:** We just completed reviewing your JCLC 08 AAR comments. As a whole JCLC 08 was outstanding. All cadre and cadets are to be commended for their dedication to excellence. We appreciate the outstanding support we received from all National Guard and active duty units. Planning for JCLC 09 is currently underway. We will publish JCLC locations and dates in the next Odds & Ends (Dec 08), . All units will receive their JCLC assignments with instructor requirements NLT the January 09 Instructor Seminar.

➤ **JUMS/JCIMS Reports:** The Cadet Opening Enrollment, Unit Admin, Ethic Data to include the Academic Credits reports are due to Cadet Command on 15 October 2008. These are combined reports (embedded in the Opening Enrollment) electronically submitted via the JUMS to JCIMS interface. Make sure that you create your report using JUMS 3.2.5 (patch 22); and upload to JCIMS - you " know the deal". We will check JCIMS for 4th Brigade units on 1 October 2008. In addition, those units that did not submit "The Intention of Graduates Report" that was due on 31 May 2008, must send this report also. IF you need assistance contact Mr. George James at 910-396-8706.

### 3. Operations.

➤ **Brigade Commander Meetings.** It is virtually impossible for the Brigade Commander to visit all 315 of our JROTC programs during his tenure as commander but his goal is to meet with each of you. Toward that goal, as the Commander visits a Senior JROTC program, a representative from that program will contact each of their affiliated JROTC programs and request your attendance at a meeting that will take place on the

# Odds & Ends

## September 2008

college campus. Please do everything possible to attend the meeting. During this initial meeting the SAI will be asked to attend. At any future meetings the AIs will be invited. There is limited funding available to help defray the cost of your travel. If you need assistance in this area please contact Mr. Sovine at (910) 396-4066.

➤ **Non-Issue Rifles.** Over the past several days I have received two reports regarding incidents which occurred that were associated with non-issue demilitarized rifles. In the first incident a JROTC unit had made a military cross using an airsoft M4 which had been disabled. A group of several cadets managed to get their hands on the M4 and enable it. After enabling it, they shot several other cadets and were eventually caught and punished. Initially, charges were going to be filed against the cadets but the administration decided to handle it in house. This incident would never have occurred had the unauthorized piece of equipment not been on the school campus. At no time is an actual or look-a-like combat weapon authorized for use by JROTC cadre or cadets. In the second incident, a young cadet purchased a facsimile drill weapon in order to be able to practice during his own time. He accidentally left the drill facsimile in the back of his truck and drove to school. Another student noticed the facsimile in the bed of his truck and thinking it was an actual weapon, turned the cadet in to the SRO who placed the cadet under arrest. The cadet has been charged with a felony and must appear in court.

Please stress to your cadets that only the proper use of government provided drill rifles and air rifles is authorized on school property and then only under the supervision of the SAI/AI. You know as well as I do, that in many areas, the current public opinion and fear factor about firearms in general is adverse at best. I need each of you to pay particular attention to this area of concern.

➤ **Protection of Information Technology (IT) Equipment and Personally Identifiable Information (PII)** See Encl 1

➤ **Instructor Training Seminar.** The 4<sup>th</sup> Bde Training Seminar will be conducted at the Crown Reef Hotel and Resort in Myrtle Beach SC during the time period 25 – 28 Jan 2009. The goal of the Annual Brigade Training Program is to train all instructors. In accordance with CCR 145-2 para 8-2b, the SAI/AI will attend Annual Brigade Training on a rotating basis. All units to include those with a DAI are required to attend. Units with 2 instructors will be allocated one slot each. Units with more than 2 instructors may be allocated additional slots based on the most recent training of their instructors and the availability of space. The training program is being developed and a schedule will be published later. The following is provided for planning purposes only:

- |                          |  |
|--------------------------|--|
| • Sunday, 25 Jan 2009    | Travel, In processing, No host Ice Breaker. (Golf and fishing outing for early arrivals) |

Request that you send training suggestions or request for training to [rudolph.ford@usacc.army.mil](mailto:rudolph.ford@usacc.army.mil) .

➤ **Formal Inspections.** The 4<sup>th</sup> Brigade Formal Inspection Schedule has been coordinated with those units being inspected this school year. Please review the attached schedule at Encl 3 or visit the Bde JROTC website <http://www.ajrotc.us/> and address any concerns to [rudolph.ford@usacc.army.mil](mailto:rudolph.ford@usacc.army.mil). Those units being inspected during the fall of 2008 msut submit their inspection agenda to this office NLT 15 Oct 2008. Refer to the 4<sup>th</sup> Bde Formal Inspection and Unit Visit MOI for specific Bde Formal Inspection Guidance and sample agenda.

➤ **Unit Visits.** All units not receiving a formal inspection will receive a unit visit during the school year. The Bde JROTC staff has been assigned schools to visit. The staff member will contact the SAI to coordinate these visits and the DAI to coordinate visits to schools within their area of responsibility. The goals of these visits are outlined in CCR 145-2 para, 7-2b(3). The staff member will conduct a supply inspection at those schools that have not completed or coordinated for a supply inspection during the school year.

➤ **Weight Control.** The weight control data submission suspense is 15 Oct 2008. Weight Control Verification Forms and Body Fat Worksheets are on the Bde website. Please make your submissions to <mailto:arthur.james@usacc.army.mil> .

➤ **Master Training Schedules.** There are a few units that still have not submitted their Master Training Schedules. Please submit it immediately. If you have question regarding the master training schedule contact me at (910) 396-8807/6384.

➤ **VACANCIES - SAIs/AIs Needed.** The Brigade has SAI and AI vacancies in all 4 of our states and the District of Columbial. (MD, NC, SC, VA and DC) If you know of any qualified potential JROTC instructors, please do some recruiting. A current list of vacancies is posted on the JROTC Portal at:

##### ➤ Budget Information

- **FY08 Budget:** As all of you are aware we have closed out the FY08 budget and are awaiting the release of the FY09 budget. We achieved a 100% plus budget execution. By that I mean we spent all of our funds plus additional funds from other brigades that did not execute as well. Overall a very fine job. We are still experiencing problems with phasing our expenditures and then meeting those phase plans.

# Odds & Ends

## September 2008

• FY09 Budget: I expect to see the release of some very limited funds during the first week or two of October 08. As soon as I know something definitive, I'll get the word out. Once you do receive your FY09 budget execute no slower than the guidance below:

- 31 Jan 40% spent (OMA and MPA)
- 31 Mar 60% spent (OMA and MPA)
- 30 Jun 90% spent (OMA and MPA)

This guidance does not preclude you from executing your budget at a faster rate but do not execute at a slower rate. If you identify excess funds, notify me immediately. Additionally, you should anticipate any funds remaining after 15 July to be consolidated and managed at Brigade level.

➤ **GPC.** All JROTC units with a government purchase card must have a primary and an alternate billing official. The Brigade is not your alternate billing official. It is up to the primary billing official to establish an alternate billing official with a sister school. Preferably one that is in close proximity. Additionally, the alternate billing official must share the same support installation and AOP/C. If you are unsure about how to proceed, contact Ms. Davis at (910) 396-6399.

### 5. Logistics

➤ The new *Army Service Uniform* is authorized for wear so if you have it already you can wear it; however, if you have not purchased the uniform you have until October 2014 to do so.

➤ The approval to change the JROTC cadet official head gear to the gray beret is still pending.

➤ The shipment for the new air rifles will begin end of September 2008, we currently have 57 schools scheduled to receive these rifles.

➤ **The new drill rifles** will also begin shipment around the end of September 2008; however, this will be the last shipment until further notice due to a shortage of funds.

**Note:** When you receive your drill rifles all the slings are in one box which is a long box similar to the rifle box but marked "slings", it should be the top box on the pallet. If you do not receive the slings with your drill rifles please inform Bde. A unit may submit a request via email to retain excess M1903 or M1 demilitarized drill rifles if there is sufficient justification. See Encl 2 The Brigade will review all request and take the appropriate action.

➤ **Reminder:** If you have any unserviceable equipment please turn it in to your support installation, afterwards make sure that your hand receipt is updated to reflect the removal of said item(s). Also if you have *serviceable* excess **equipment** that maybe

HP Laptop: \$1,124.00 / Docking Station: \$ 129.00

32 Pad CPS: \$1,608.06

LG 32" HDTV: \$696.00

Mitsubishi Projector: \$715.00

Polyvision Walk & Talk White Brd: \$1,950.00

Polyvision Adjustable Stand: \$625.00

Polyvision Blue Tooth Kit: \$165.00

Toshiba DVD/VCR: \$80.00

Lexmark Printer: \$395.00

*Note: You cannot request a particular type of computer such as a laptop or desktop for lifecycle replacements as the type of computer(s) you will receive has already been determined during the contracting phase. Once you receive the replacement computer(s) you may keep the old computer(s) for cadet usage only.*

➤ For all missing/stolen **government** property you must submit a Financial Liability Investigation of Property Loss (FLIP-L), DD Form 200. This procedure replaced the old Report of Survey. Along with the DD Form 200 you must submit a DA Form 7531, a copy of the hand receipt that shows the missing/stolen item, a copy of the police report, and a copy of the SIR. This completed packet must be forward to Brigade, ATTN: Lynn Davis. This is time sensitive so it must be done within 5 days of the loss/discovery of the loss. This packet is also required if you discovery equipment missing during your inventory. This paperwork must be processed in order to have the item(s) removed from your hand receipt. You will have to forward via mail because original signatures are required on the DD Form 200 and the DA Form 7531. Should you need assistance completing either form please reference AR 735-5.

- d. HQ TRADOC, ATIM-S, 31 October 06, subject: Guidance on Protection Data-At-Rest (DAR).
- e. HQ TRADOC, ATIM, 30 May 07, subject TRADOC Policy Letter 16, Security of Government-owned or Leased Information Technology (IT) Equipment

2. **Purpose:**

- a. To mitigate the loss of portable automation devices and loss of Personally Identifiable Information (PII)
- b. To identify required actions for loss of portable automation devices and loss or compromise of PII.

3. **Scope.** Provisions of this policy apply to all personnel assigned or attached to USACC, including Junior ROTC Cadre.

4. Personally Identifiable Information (PII), considered reportable for Privacy Act purposes, is quite extensive and includes Social Security Numbers (SSNs) and also data such as marital status, mother's maiden name, date of birth, employment data and medical data. Much of this data is required to initiate a request for security clearance (SF86) and may be captured and stored by the Recruiting Operations Officer (ROO) on the ROO laptop or downloaded from

CCIMS to Desktops. JROTC instructors are also reminded to avoid putting any personal data, on their cadets, in their PCs or laptops.

**5. Required Actions.** To minimize the loss of IT equipment and exposure of PII, the following actions are required by all personnel assigned or attached to US Army Cadet Command (USACC):

a. Avoid storing SSNs on any Laptop or PC or including them in downloaded reports from CCIMS, JCIMS, or JUMS. There is no value added from the inclusion of SSNs in reports. If you must have SSNs or other PII on a computer, that file must be encrypted.

b. Leave only active prospects on any computer/laptop. Applicant records must be removed from the laptop after the prospect is: contracted, determined not qualified, or is not interested.

c. Do not leave the laptops or PCs in an unsecured office. Ensure the entire ROTC BN area is secured during non-business hours.

d. Don't leave any laptop in plain site when taken outside of the office, i.e. car, motel room, etc.

e. Don't ship your laptop with your luggage when flying.

f. Report any loss or compromise of Personally Identifiable Information (PII) **IMMEDIATELY**. USACC must report to higher HQs within **1 hour** of suspected loss or compromise of PII.

g. Report any lost computers/laptops IAW USACC Policy Memorandum 9, Serious Incident Report, within 24 hours of discovering the loss. The report needs to include all details known about the loss and whether there was any sensitive data on the equipment. **Per item f. above, loss of PII associated with the loss of equipment must be reported immediately.**

h. Do not give anyone your CAC PIN or passwords for any systems you have access to, e.g. CCIMS, JCIMS or your PC.

i. Conduct regular vulnerability assessments of your physical and data security.

j. The Information Assurance Security Officer (IASO) shall do spot inspections of data on your unit's PCs to ensure sensitive data isn't being stored.

k. Secure all laptops by purchasing a cable that attaches the laptop via a key lock (no combination locks) to the desk or other immovable/hard to move item.

ATCC-I

Subject: Policy Memorandum 17 - Protection of Information  
Technology (IT) Equipment and Sensitive Data

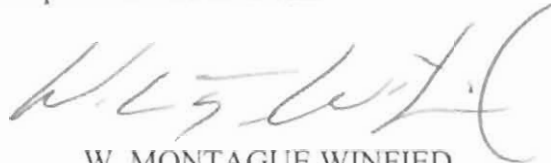

l. All laptops and PCs will encrypt any mission essential sensitive information residing on the local drive.

m. All laptops and portable media, e.g. blackberries and USB storage devices, will have a sticker on them, approving them for travel, before they leave the building.

n. Each unit will maintain key control, not only for the office/building, but also for laptop cables, and all containers holding files with PII.

o. All USACC personnel will complete Information Assurance (IA) and PII on-line training annually.

6. The above policy will be adhered to by all personnel assigned or attached to USACC. If a loss is caused by negligence (failure to follow the above guidelines), the situation will be investigated and could result in disciplinary action. Leaders at each level of the command need to conduct regular vulnerability and property control inspections to ensure we protect our equipment and sensitive data. The OIP Inspection Checklist reflects command emphasis on the protection of IT equipment and PII. Commanders, at all levels, are responsible for this policy being read, understood, and complied with by all personnel in their unit.
